The next few pages are all part of the story of the memory:

This is page 1:

I remember being super fascinated by this and was extrememly happy for the rest of the day.

Next Page

Page 2:

I was visiting my dad's office and had nothing
to do while I was there.

Slide Title

Description

I clearly remember, my dad searched the internet for printable
colouring sheets and printed them out for me to keep me busy.
